IF YOU HAVE \$29 YOU HAVE A USED CAR

You don't often hear of a car dealership offering both a super-low down payment and low monthly payments; usually shoppers have to choose one or the other. Now, thanks to a very special finance opportunity, you can get both at a dealership near you!

Record new car sales at dealerships around the country have overloaded them with hundreds of great late-model, low mileage extra clean trade-ins. Because there are literally hundreds of vehicles that must be sold, participating dealers are accepting minimal down payments in order to reduce inventory as soon as possible. Buy one today for just \$29 down and \$99 a month! Got a little more you can afford in your monthly budget? This sale is for you, too. You'll find vehicles in every price and payment range. Click the dealer sale location listed in the left column to find your vehicle now!
